

“As a parent, I find the staff very friendly and very helpful. I am very happy with the care that Helen receives from Praxis.”

Mrs. Linda Williams

Staffing

The dedicated service team is experienced, compassionate, highly skilled and entirely focused on the consistent delivery of person-centred interventions and approaches for each of the residents supported at West Midlands Supported Living Service.

Many of the staff have been with Praxis Care for over a decade, offering a wealth of knowledge and support for new staff who come on board. Praxis Care’s Learning and Development department also provides regular training, customised around the individuals being supported and the knowledge base of staff.

West Midlands Supported Living Service

About Praxis Care

Shaped around the individual

- We are a health and social care charity with 40 years' experience.
- We work with over 1,500 people with mental ill health, autism spectrum conditions, learning disabilities and dementia.
- Our services are innovative, professional and high-quality for people across the spectrum of need, particularly at the higher level of complexity.
- Our services for children, young people and adults are spread across Great Britain, Northern Ireland, the Isle of Man and the Republic of Ireland.
- We co-develop bespoke plans for individuals in a range of community settings — dynamic to changing need and focused on meaningful individual engagement and outcomes.

About West Midlands Supported Living Service

The West Midlands Supported Living Service supports adults with learning disabilities who might present behaviours that challenge. We work with individuals 24/7 across two residential settings in Kidderminster.

The settings are small scale, quiet, homely and welcoming and comprise a range of private and shared spaces with associated garden areas.

Services are well located for access to local amenities and transport and are supported by dedicated, experienced, compassionate and highly skilled teams.

Support

The service supports residents to:

- Live as independently as possible
- Manage their behaviours
- Maintain their tenancies
- Enjoy life to the full

Approach

The service is of a consistently good quality, is long established and well respected. Our approach is bespoke to each person's needs and adapts along with them.

"It's about progression: they are progressing as people needing less of our time and support, which is fantastic."

Heather Crocker
Support Worker

"Being in supported living, it gives them their own private space. They can be who they want to be, not told what they've got to be."

Cheryl Miles
Support Worker
